“There is a secret psychology to money. Most people don’t know about it - that’s why most people never become financially successful. A lack of money is not the problem; it’s just an outward symptom of what’s going on inside you.” – T. HARV EKER

WHAT’S HOLDING YOU BACK?

Most people never reach their full potential for success. In fact, research shows that 80% of us will never be financially free or claim to be truly happy. What a shame!

If you’re not well on your way to financial freedom, there’s something you don’t know.

Unfortunately, we’re not born knowing how to win the money game. We’re taught how to think about and act in relation to money. The problem is most of us learned how to play the money game from people who weren’t very good at it!

What you learn about money becomes your conditioning, which becomes automatic responses that can run your financial decisions for the rest of your life – unless you revise your mind’s money files.

This is exactly what we do for thousands of people each year on a permanent level at the *Millionaire Mind Intensive* seminar. In three powerful days you can change your financial life forever.

Starting when we’re very young and impressionable, we get conditioned in three primary ways in every arena of life, including money:

- ▶ **VERBAL CONDITIONING – WHAT WE HEARD**
- ▶ **MODELING – WHAT WE SAW**
- ▶ **SPECIFIC INCIDENTS – WHAT WE EXPERIENCED**

This conditioning forms a money blueprint. Like a thermostat, your blueprint is set for a certain level of success. The level of your success can go up or down a little bit. But, eventually the thermostat kicks in and brings you right back to where you were. What is your blueprint set for – success, mediocrity or failure? Are you programmed for ease or for struggle? The way to know for sure is simple. Look at your results!

WHEN IT COMES TO MONEY, WOULDN'T IT BE INCREDIBLE IF YOU COULD AUTOMATICALLY THINK AND MAKE DECISIONS LIKE RICH PEOPLE DO? YOU CAN!

“This isn’t the first time I’ve done ‘personal growth’, but it was the first time in relation to money and my financial blueprint. You said that we should expect results fast. Fast was no joke. Within three to four days, I received the LARGEST CHECK I’ve ever received to date. And now, almost two weeks later, there is cash LEFT OVER and my next check will be here in a couple of days!”

- JODY WEIGEL
